History & Classics

IMPACT from the publisher Extend Education, is a project-based challenge for students aged 16–19. Students collaborate in teams to research the UN Sustainable Development Goals, identify a problem currently being faced by another country and use innovation and design-thinking skills to create a solution – before communicating it to the world!

IMPACT

IN THE MOMENT, PURPOSEFUL, ACTION

Designed for 16–19 year-olds, IMPACT is a truly exciting proposition:

IMPACT provides a blended learning solution for

Features

- ✔ Supports both the CAS syllabus and IGCSE Global Perspectives (0457) / International AS and A Level Global Perspectives & Research (9239)

international students
worldwide

IMPACT defies the limits of the
classroom

IMPACT immerses students
within the immediate and
important task of finding a
solution to the most pressing
issues faced by global leaders
today

And IMPACT gives them the
opportunity to share their
proposition with the world.

Founded on the **UN Sustainable
Development Goals** (SDGs),
this trans-disciplinary project
comprises four phases
demonstrating:

Awareness – working in teams,
students are assigned a country
and research relevant SDGs

Action – they then investigate
a specific problem facing the

Research (9255).

- ✓ Unique features and benefits for the International Baccalaureate and for Cambridge International students.
- ✓ As certified IMPACT Ambassadors, students can demonstrate 21st century skills such as sustainability literacy, innovation, leadership, and enterprise, making them stand out on UCAS/college applications.
- ✓ Schools can submit the best projects for inclusion in an IMPACT innovation showcase, reviewed by experts and shared worldwide, setting IMPACT apart from other project-based programmes.
- ✓ Additional applications and benefits for schools acting as UN SDG advocates.
- ✓ Can be accessed on any device anywhere in the world.

country at present, and devise a solution

Advocacy – the main piece, students present and promote their solution, such as in writing or via video

Agency – lastly, they take this to the wider world.

It takes around 30 weeks to complete though it can be run more intensively across a shorter time frame.
